

Tell Your Money

Where to Go

Budgeting can help you stop wondering where your money went.

Creating your budget is *easy!*

1

Log in to SmartDollar or create your free account.

Scan this code or visit smartdollar.com/start and enter the keyword

2

From your dashboard, go to Tools in the menu bar, then "Go to EveryDollar."

3

That's it! Now you can create and track your budget each month!

SmartDollar encourages you to work with your spouse. So if you're married, work on your budget together. This doesn't work if you're not both on board.
