

# Vacation Budget Worksheet

1. How much have you saved up for your vacation? Write the amount at the top.
2. How much will you spend in each category? List your expenses in the planned column.
3. Add up each number in your planned column and make sure that number doesn't go over your total budget.
4. During your vacation, fill in the amount you actually spend so you stay on track!

Total Budget \$ .....
