Mission Statement:

To empower and give HOPE to everyone from the financially secure to the financially distressed.
Dear FPU Coordinator,

CONGRATULATIONS on becoming part of our team! We’re thrilled that you’ve chosen to join us in fulfilling our mission to “empower and give hope to everyone from the financially secure to the financially distressed.”

What you’re doing is extremely important. You’ll not only lead your class through questions and discussions about their personal finances, but more importantly, you’ll listen to their stories, sympathize with their struggles, challenge them to break bad habits, and inspire them to change their family tree.

We know that talking about personal finances with a group of people can be intimidating, but just relax and be yourself. You won’t have all the answers, but don’t sweat it. If you open up and be honest and vulnerable about your specific situation, your class will do the same. Keep challenging them and you’ll see powerful changes! Assure everyone that no matter what, you’re there to listen, support, and guide.

After watching literally hundreds of thousands of families work through Financial Peace University, we’ve found that the average family eliminates $5,300 in debt and saves $2,700 during the 13-week period. That’s a major turnaround! However, I’m not only talking about a financial turnaround. Throughout the process, lives are being changed, families are learning how to communicate about money, parents are learning how to teach their kids, and singles are developing the self-accountability needed for a successful life.

Get excited! You will watch as lives are transformed in your class, so be prepared to see chains broken, relationships restored, and hope revived.

Again, congratulations and welcome aboard Dave Ramsey’s TEAM!

TOUCHING LIVES...CHANGING A NATION!

*Personal finance is 80% behavior and only 20% head knowledge.* Therefore, the goal of *Financial Peace University* isn’t just information—it’s transformation! We have found that absolutely nothing is more effective at changing behaviors than the properly-led small group. That’s where you come in!

As you lead *Financial Peace University*, remember to:

**Inspire Change!**
As you lead your FPU class, you won’t just watch other people change their lives—yours will change, too! As you grow more confident and competent in handling your money, pass on that excitement to your class members. You should all experience a dramatic personal transformation together!

**Offer Hope!**
Your enthusiasm and passion will be a major source of encouragement to the men and women in your class. Don’t be afraid to show them your heart!

**Get Intense!**
Get wired up! Get fired up! Point out how debt has stolen your peace and caused you pain. Your example will increase everyone’s intensity about freedom from debt.

**Keep Up With Your Class!**
Fill out your class roster every week. If anyone misses more than two classes, give him or her a call to check in and see if you can do anything to help.

**Chop Your Plastic!**
If you have any credit cards, you should be the first one to cut them up by the end of the fourth lesson. The group will feed off of your passion and commitment.

**Join the Crusade!**
FPU is not just another financial class—it’s a movement to change this nation!
PREPARING FOR EACH CLASS SESSION

Review the Class Outline
Pay special attention to the “Remember to Bring” items and the “Small Group Discussion and Accountability” questions. These questions will make up the heart of your discussion time.

Preview the DVD
Make sure that the DVD lesson for that week plays with no problems whatsoever. If you do experience an issue with a lesson DVD, please contact your FPU Advisor immediately. If the DVD needs to be replaced, simply show another FPU lesson out of order until you receive a replacement.

Focus Your Thoughts Beforehand
We recommend praying for wisdom and understanding as you lead your FPU class. Also, pray that your class members will be receptive, empowered, and encouraged by the lesson and accountability discussion.

Gather Volunteers
Throughout the class, it will be helpful to have a ready source of volunteers to help facilitate the discussion. This is especially important if you have a large class. We recommend that large classes watch the video lesson together but then break up into separate discussion groups of 10-25 people. If you have such a class, you’ll need volunteer facilitators to lead each of these smaller groups.

Prepare the Room
Arrange the chairs for watching the DVD and make sure your audio/visual equipment is in good working order. Also, have a supply of spare pens or pencils available in case someone needs one.

Be Gracious Guests
Before leaving after class, make sure the room is in excellent condition each week.
 SMALL GROUP TECHNIQUES

Respect Everyone’s Time

Because FPU inspires such great, enlightening, and often emotional conversations, it is easy to go past your allotted time frame. Be careful here! You have made a commitment to your class members that each week’s class will be exactly two hours long. Always be aware of the time!

Reinforce the Need to Complete the Program

FPU is a full 13-week program. We know that 13 weeks can seem like a really long time! However, that amount of time is necessary to bring about the behavior change and the new habits that are vital to everyone’s long-term success!

Therefore, from the very first lesson, be sure to emphasize how important it is that each class member attend every class and stick with the program all the way to the end!

Engage Interaction

Your job as a coordinator is to get everyone else to talk by facilitating the conversation. The members should hold one another accountable. If you’re doing more than 10% of the talking, you’re talking too much!

Also, watch out for those who dominate the conversation and those who may seem hesitant to speak up at all. You’ll need to make sure everyone has a chance to speak and that they feel free and comfortable doing so.

Encourage Openness

For genuine behavior change to take place, each member of your class must be willing to open up and truly be transparent in the discussion and accountability time. Everyone around the circle will take their cue from you. If you open up, listen intently to others, and use humor and personal stories, then they probably will, too.

Don’t Fear Silence

Sometimes, you will have to sit in a moment of silence after asking a question. That’s okay. Silence can be a powerful motivator. Try to fight the temptation to fill that void yourself, particularly after asking a difficult discussion question.
**Show Compassion**

Get excited about victories! Gently confront a member’s unwillingness to change. And, don’t be afraid to let someone cry if they’re hurting. This is all part of the healing process. Show the class that you genuinely care about them.

**Be Tactful**

This class is “seeker friendly,” so there is no need to “Bible thump.” In fact, don’t do it. Let them experience the Word of God through the lessons, realizing that God cares about their day-to-day lives in a personal, practical way. Then, in your small group, just be real and loving; let them see Jesus in your actions. If you are using FPU as a Bible study, feel free to incorporate more Scripture. However, if you are using FPU as an outreach, be sensitive, since some of these people are unchurched or may not have had a good experience with churches in the past.

**Pray for the Class Members**

Set aside a time once a week to pray for the members in your class. Most of them will be making big changes to their thinking and habits. God will empower their progress to financial peace! Pray for those who may not know Christ. Pray over the duration of the class for doors to be opened so they may discover a relationship with Jesus.
WRAPPING UP YOUR FPU CLASS

Coordinator Report
We want to know how your class went! Please let us know your successes, trials, and comments by completing the Coordinator Report online at the Coordinator Resource Center (daveramsey.com/fpucoordinator). If you cannot access the online form, you may also use the paper form at the back of this Coordinator Guide. Simply fax it to our office at 615.620.6398 after your last class session. We use the actual numbers and statistics from each class to learn how to better serve families like yours.

Start Another Class
Consider starting a new FPU class after your first 13-week class is finished. Leading multiple FPU classes will increase your intensity and impact more lives with the message of peace.

Help Others Start New FPU Classes
People who go through an FPU class often want to become class facilitators and start new classes. That’s great! At the conclusion of your class, ask if anyone is interested in starting a new FPU class in their area.

Send Us Your Suggestions
If you have any ideas about how we can improve Financial Peace University, or if you have suggestions for future discussion questions or additional online resources, please let us know! Email us at fpu@daveramsey.com.

The weekly class guides on the following pages will walk you week by week through the FPU program. We recommend that you have your own member workbook and the weekly class guide open and easily accessible during each class discussion.

**In these guides, you will find:**

- A class schedule, showing approximately how much time to devote to each portion of the night’s activities.

- Weekly review questions to reinforce what was discussed the previous week.*

- Small group discussion and accountability questions that guide your class members through an in-depth discussion of each week’s key concepts and ensure that they are making the necessary behavior changes throughout the program.*

- Weekly budget checks, which call for every class member to hold their budgets in the air and reaffirm their commitment to stick to their plan.

- Time to share weekly victory stories, which gives your class members a chance to update the group on any special milestones or accomplishments from the previous week.

- A five-minute wrap-up with homework reminders, reading assignments, and a review of all the lesson-specific bonus material that is available online in the Member Resource Center for that week.*

It’s that easy! We’ve given you everything you need to successfully guide your class step by step through FPU. Now, all you need to do is add a dose of intensity, a sense of humor, and a little compassion—and prepare to team up with a group of people who are ready to get weird and change their lives!

*Note: The weekly review, discussion and accountability questions, and homework reminders are exactly what appear on that week’s “Discussion and Accountability” page in the member workbook. That way, you can see exactly what they see in their workbooks.

5 minutes  Welcome To FPU!

Greet every class member as they walk in for the first time. As you hand out their membership kits, take a moment to introduce yourself and briefly explain how the class time will be spent each week.

You should always reinforce the need to complete the course. On average, about 80% of your class will graduate. You can improve this percentage by encouraging everyone early and often to complete the class. Also, it is never too early to start planting seeds for your class members to start a new class in the future!

60 minutes  Watch Super Saving DVD

Have class members turn to page 15 of the member workbook.

10 minutes  Introductions

Get to know your class members! Using the questions on page 27 of the member workbook, have each person or family take 1-2 minutes to share:

1. Who they are,
2. Why they are here, and
3. What they hope to get out of this program.

40 minutes  Small Group Discussion and Accountability

Form a circle and begin your discussion time by answering the following questions from God’s Word:

1. Read Genesis 41:35-36. What does this tell us about the importance of saving money?
2. According to Proverbs 21:20, what does a foolish man do? In what ways do we often do the same thing as this foolish man?
Now, respond to the following discussion questions from page 27 of the member workbook:

1. What is keeping you from saving?
2. What is Baby Step 1? Why is this important?
3. Why do so many people use debt (credit cards, loans, etc.) for emergencies? Have you ever done this? Be honest!
4. Dave talked about how money is amoral using the analogy of the brick. What did this illustration mean to you? Have you ever thought of money as being “good” or “bad” in and of itself?
5. What does “Murphy Repellant” mean? If you had some savings built up, do you think you’d have fewer emergencies?
6. Statistics show that most of us will have a major, unexpected, negative financial event in any 10-year period. What would constitute a “negative financial event” in your situation? How would you handle that today?
7. How would it feel if you had savings to cover an emergency? How would that change your attitude when unexpected things happen?

Frequently Asked Questions
The information provided in these Frequently Asked Questions represent the most common questions we receive from class coordinators. Additional information can be found in the FAQ section of the FPU workbook. If you have a question that is not covered here, please contact your FPU Advisor.

1. I think my class is larger than average—maybe 50 or more families. Are there any special considerations for extremely large classes?

An extremely large class is a great problem to have! There is an easy solution to this challenge. First, we suggest that you have the entire group meet together for the first part of each class. That way, the whole group can enjoy a sense of community as they watch the lesson DVDs together. Then, the large group should break up into smaller discussion groups of about 10-25 people. This small group dynamic is essential to a successful class and it ensures that everyone will have a chance to speak up. Of course, this means that you will need additional volunteer co-coordinators to lead each individual discussion group. Call your FPU Advisor if you need additional coordinator guides.

2. As a class coordinator, do I need to buy my own membership kit?

You will need an FPU Leadership Kit, which includes everything you need to have a successful class. The Leadership Kit includes the complete set of lesson DVDs that you will use each week, as well as your member workbook, coordinator guide, and everything that is included in the basic membership kit. It is generally not necessary for the class coordinator to purchase an additional membership kit for personal use, as long as you have access to the workbook and other materials in your Leadership Kit.

3. What materials will I need for my class?

You will need an FPU Leadership Kit, television, and DVD player. Every family in your class will need a membership kit. Besides that, you just need a room, some chairs, and a passion for changing lives!
4. **What is a class code? Why do I need it? Where do I get it?**

Every FPU class has a unique class code. This code enables us to track your class’ progress, successes, and history with our program. This code also acts as your class’ admission into the online Member Resource Center. When you set your class dates with our office, your FPU Advisor will provide you with your class code. You’ll then need to share the code with your class members so they can access the Member Resource Center.

While the class code identifies your specific class, your information will never be sold or distributed outside our office in any way.

5. **What is the Member Resource Center (MRC)?**

The FPU Member Resource Center (MRC) is a fantastic online resource that provides you with additional tools, content, and special features as you work through *Financial Peace University*. Each week of your 13-week class, the MRC offers you fresh insights on the FPU lessons, helpful reminders and budget tips, encouraging testimonies, and MRC-only special offers. Plus, you’ll have access to these powerful features:

- Online budget software to simplify your monthly cash flow plan, debt snowball, expense tracking, and more!
- Exclusive, interactive teaching videos that bring clarity to the FPU concepts by showing you exactly how to apply them to your life!
- Community message forums, where you can interact with other FPU members around the world!
- Online Financial Snapshot form to help track your progress through the 13-week class!
- Downloadable versions of all the budget forms used throughout FPU!
- Extensive interactive glossary that demystifies hundreds of financial terms and concepts!
- Up-to-date statistics and geographic information!
- Regular contests and giveaways!
6. **How long will I have access to the Member Resource Center?**

All FPU members, including class coordinators, have complete access to all of the wonderful resources of the MRC for 15 weeks, which easily takes you throughout your first FPU class experience. After 15 weeks, you will still have access to the teaching content and lesson-related material.

7. **How do I join the Member Resource Center? How do my class members join?**

It’s easy! Be sure to get your specific class code from your FPU Advisor and go to daveramsey.com/fpumember. Click the “Get Started Now” button on the homepage and follow the onscreen instructions, entering your class code when prompted. During your first class session, be sure to distribute this code to your class members. They will need this in order to register for the MRC themselves.

8. **Who do we contact if we have a problem with the MRC?**

First, please review our Frequently Asked Questions page. You can access this page by clicking the “FAQ” link at daveramsey.com/fpumember. In the FAQ, we have tried to answer most common questions regarding the Member Resource Center. If you cannot find your answer, please send us an email stating your name, MRC username, and a description of your problem. All support questions regarding the MRC should be sent by email to mrc_support@daveramsey.com.

9. **What is My Total Money Makeover (MyTMMO)? As a class coordinator, do I get a discount?**

MyTMMO takes your MRC experience to the next level with even more exclusive online tools! MyTMMO members have ongoing access to our online budget tools and a passionate community with active message forums and live chats. MyTMMO will walk with you through the Baby Steps, tracking your progress, offering encouragement and support, and celebrating your victories. Plus, MyTMMO members can download or podcast all three hours of *The Dave Ramsey Show* in CD-quality, commercial free mp3 every day!

As an FPU class coordinator, you will receive a complimentary one-year membership to MyTMMO. Be sure to get your free registration code from your FPU Advisor when you set your class dates.
10. **One of my class members thinks he/she should declare bankruptcy. What should I do?**

Bankruptcy is a horrible, gut-wrenching experience that Dave almost never recommends. In nearly every case, Dave finds that there are usually things someone can do to avoid bankruptcy. There are options most people have never examined that could actually prevent this nightmare from happening. If someone in your class is on the brink of filing a Chapter 7 or 13, please have them consult one of our certified financial counselors through our website, daveramsey.com, or by calling 888.22.PEACE (73223) before they make that final decision.

11. **Someone in my class needs more help than I can offer personally. What are our options?**

First, simply love and support the hurting individual. Second, remember that you are there to help lead the class discussions, not to act as a financial counselor. If someone in your class needs additional help or has detailed questions that you are unable to answer, you should encourage them to contact a trained financial counselor. We would be happy to help connect you to a professional counselor in your area. You can learn about our counseling services at daveramsey.com.

12. **Can my class members call the FPU office and get free help with their budgets?**

We’ve packed a ton of on-demand resources into the Member Resource Center, My Total Money Makeover, and daveramsey.com. There’s a good chance they’ll find an answer to their questions there. Because of the sheer volume of FPU members, we simply cannot offer free one-on-one counseling over the phone. We do, however, have several counseling options available, including connecting individuals with a trained financial counselor in their area. You can learn about our counseling services at daveramsey.com.

13. **Can I come to your office for one-on-one financial counseling?**

Yes! You can schedule a personal, fee-based counseling session at our Brentwood, TN office by calling 888.22.PEACE or emailing us at counseling@daveramsey.com. You can also find a counselor that has been personally trained by Dave’s team by visiting daveramsey.com.

14. **Is it okay for a family to come to class together if they only purchased one kit?**

Sharing a single kit is appropriate for engaged or married couples only. Our program is designed for families to do together, so parents with children still living at home are welcome to bring them to class, as well. Extended family members or adult children should, of course, purchase their own class materials.
15. **My Dumping Debt audio CD only has half of the lesson on it. Why?**
   The *Dumping Debt* lesson is made up of two CDs—Part One and Part Two. Both are available in your audio CD collection that is included with your membership kit.

16. **If my class members complete the Financial Snapshot and Testimonial Survey online in the MRC, do they also have to turn in a paper copy?**
   No, members who complete their Testimonial Survey and Financial Snapshot online should not turn in a paper copy of these forms. Incidentally, we strongly encourage all class members to take advantage of the online forms. This allows faster processing and more accurate record keeping.

17. **A former FPU graduate wants to re-take FPU by coming to my class as part of his/her lifetime membership. Is that okay?**
   Absolutely! As part of our lifetime membership program, an FPU member may take any live FPU class at any time. In these instances, the former graduate’s old class workbook will serve as his or her admission to your class.

18. **Someone in my class has an older version of the FPU membership kit and workbook. Can they upgrade to the latest class materials?**
   If someone comes to your class with an older version of the FPU membership kit, he or she has the option of upgrading to the latest version of our class materials at a discounted price. Contact your FPU Advisor for details. Of course, this member is welcome to attend your class at no additional cost with his or her older materials, should they choose not to upgrade.

19. **Are visitors allowed to sit in on the class?**
   Yes! Each member is encouraged to bring a guest to check out a single class session. Some FPU members bring a new guest to class each week! As long as each guest only attends one class, we’re fine with it. The best opportunities to invite a guest are probably Week One’s *Super Saving* (the guest may decide to join the class right then and there!) and Week Four’s *Dumping Debt*. 
20. The DVD for tonight’s lesson is damaged and won’t play! What do I do?

If you discover that your Leadership Kit contains a defective DVD and do not have time to get a replacement before that class, simply skip that lesson and show the next week’s lesson instead. Contact your FPU Advisor at 877.378.2667 and we will send out a replacement DVD immediately.

21. When I watch a DVD lesson, I see black bars across the top and bottom of my television screen. Why?

The FPU DVD lessons are presented in widescreen format (16:9 ratio). As such, many televisions will insert black bars across the top and bottom of the screen to preserve the correct aspect ratio. Don’t worry—this is perfectly normal!

22. I need to miss a class session. Is it okay to put another class member in charge for one week?

As the class coordinator, it is vital that you attend class every week. However, in the event that you are unable to make it to class, it is best to find a replacement coordinator for that week. This could be a class member that you’ve grown to trust or another leader in your organization that would be willing to step in.

23. Are the lesson DVDs accessible for the hearing impaired?

Yes! Each lesson DVD has three options: standard closed captioning (CC) on CC-enabled televisions, subtitles, and American Sign Language (ASL).

- CC is available for compatible televisions connected via S-video or composite connections. DVD players connected via HDMI or component cables are not supported.

- Subtitles can be activated from the “Setup” menu or turned on/off with the “Subtitle” button on most DVD player remote controls.

- ASL is available in the DVD “Setup” menu. Note: ASL is available only for Dave’s on-stage presentation. The brief introduction to each lesson has no ASL component.
